

BRIGHTON

Brighton, a traditional English design blending skilled craftsmanship with extreme comfort.

JEFFERSON

The Jefferson's stylish design lends itself equally to leather or fabric (see page 8). Deep sumptuous seating offers the ultimate in comfort whilst the double stitched seams are an indication of strength and durability.

LINCOLN

The Lincoln design echoes the Art Deco era. Generous proportions with simple yet effective lines. A deep luxurious seat offers both luxury and comfort. The Lincoln can be upholstered in fabric or, as seen here, in leather.
